

### ELECTION OF INVENTIONS:

The Patent Examiner has required the selection of one of the following groups of Inventions for further prosecution:

Group I:            Claims 2, 4 and 12, drawn to a cutter apparatus with a special technical feature of a specific cutter configuration;

Group II:           Claims 3 and 5-7, drawn to a cutter apparatus with a special technical feature of a tensioning means;

Group III:          Claim 8, drawn to a cutter apparatus with a special technical feature of a specific guide configuration; and

Group IV:          Claims 9-11, drawn to a cutter apparatus with a special technical feature of a specific housing configuration.

Claim 1 is considered generic.
